Tobacco bed burning will begin next month.

The big Vogel Minstrels at Lancaster Opera house Monday night.

Early gardeners are already beginning to order special varieties of seeds.

Don't miss The Seminary Girls at school Auditorium next Saturday night.

The advent of the new year brings no promise of a cessation of the bloody war being waged in Duroge.

Between the movers and the tobacco men, the turnpikes of the county are pretty well congested these days.

We have 75 men all wool suits left. Prices \$7.50 to \$7.50 while they last. Logan, Anderson & Tomlinson.

After their long holidays the kiddies were extremely reluctant to take up their school duties again on Monday.

The cannon may not be adequate for defense against invasion, but it surely does make a big noise Christmas times.

From the way the tobacco is "pouring in" on Billy Speith and Jake Graw, one would think he was on South Broadway in Lexington.

"Uncle Dave" Ross lost several star boarders last week when the prisoners convicted at the last term of circuit court were taken to the penitentiary.

The community was aroused shortly after midnight last Thursday night by the vigorous ringing of the fire bell. Only some exuberant individual "ringing out the old, ringing in the new year".

The old time custom of turning the public square into a battle ground with roman candles and fire crackers as weapons, we are delighted to say, has passed into history, and ladies may now be on the streets on Christmas eve without danger of being struck by a stray missile.

CATTLE KILLED.

The official report just issued by Dr. T. M. Owens shows there have been slaughtered in Kentucky as the result of the foot and mouth disease, 761 cattle and 262 hogs. Nearly half of the animals killed were in Hardin county.

GENEROUS OFFERS.

The proprietors of the two picture houses have very generously offered the net receipts for one night, for the benefit of the war sufferers. The dates will be announced later and a good bill for each performance promised.

MULES FOR ALLIES.

Mr. C. A. Wright purchased for the English Government here last Friday, one horse mule of B. F. Hudson for \$140, one of A. H. Bastin for \$125, one of Craig and Brown for \$135 and a one-eyed mule of Prewitt Thompson for \$95.

CAN YOU BEAT IT?

Sanders Bros. of Coy. in this county, raised on one acre of measured land, last year, 2800 pounds of tobacco. This tobacco was set the 16th of last July and was marketed here to C. A. Speith and Co. for nine cents a pound, thus realizing from the single acre \$252.00. Can you beat it?

CONSOLIDATED

Mr. Frank Conn who has conducted a garage on Lexington street for the past year, has consolidated with the Lancaster Motor Car Co., on Stanford street and can now be found at the latter place. Lancaster can boast of having the best garage in the state and no more efficient help can be found than Mr. Douglas and Mr. Conn.

THE SEMINARY GIRLS.

This is one of the series of The International Entertainment Bureau and will be seen at the School Auditorium next Saturday night. It is considered by far the best entertainment of the entire series and a good crowd is assured them. The program consists of duets, solos, violin selections, piano novelties, cartooning, reading and humorous sketches.

A NEW YEAR GIFT.

Mr. George A. McRoberts, of Stanford and Covington, was given a New Year present in the person of a little daughter.

Mrs. McRoberts was Miss Bessie Ballew Barnsides and if the little girl is just half as pretty as her mother she will have every reason to be vain.

The Record joins the friends of the fond parents in extending congratulations and wishing the young lady "bon voyage".

CARRIERS WEIGHING MAIL.

The Rural Mail Carriers are busy weighing mail during the current months. The carriers salaries are now based upon the amount of mail handled, the distance traveled and the length of time spent on their various routes, and this necessitates the added work of classifying, weighing and counting each piece of mail handled by them during at least two months of each year, the months to be specified by the department.

"CHARLIE STORMES".

Friends and relatives will be grieved to learn of the death of the faithful old horse of Mrs. J. E. Stormes which occurred Saturday from a stroke of paralysis. Charlie was in his 29th year and declared his freedom about the time automobiles came to town. He was never known for his fleetness, but he had better qualities, reliability and "sticktiveness" always getting there if you gave him time.

A WELCOME VISITOR.

Mr. and Mrs. Coleman Lee and handsome young son, of London, Ky., are registered at the Kengarian hotel, having arrived there last Sunday. Coleman is an old Lancaster boy with lots of friends here, who are always glad to see him and remember him so well in his younger days. He has been the L. & N. agent at London for thirteen years and is considered one of the best in the service.

BARGAINS THAT PLEASE.

In this issue of the paper will be found a page advertisement of Mr. Jas. W. Smith, one of our enterprising local merchants. While he has no intention of going out of business, he merely states that he is overstocked with some splendid merchandise and he proposes to sell it at prices that will make it go to make room for his large spring stock which he has already purchased. At the prices he is quoting in his advertisement, we have no doubt but what his clearance sale will be a success. His sale begins Saturday morning and lasts for 20 days only.

HOUD DOG BRINGS \$150.

"Gus", the noted hound dog belonging to Mr. A. K. Walker and the best one by long odds that ever trailed a fox was sold last week to Smith Bros. of Waco Texas, for \$150. The grief of Mr. Walker in giving up his favorite dog, was pitiful indeed and he said if the dog had been taken out and shot he couldn't have felt any more grieved. Mr. Walker still owns the dam of "Gus" and hopes some day to raise one just as good. We sympathize with Mr. Walker in the loss of his dog, but the fabulous price he received would cover a multitude of tears for us.

LANE-DUNN.

Mr. E. P. Lane and Miss Harvie Dunn, surprised their many friends by going to the residence of Rev. H. C. Garrison, where they were united in marriage at 4:30 p. m. yesterday. So well did the couple keep their secret that only the immediate family knew their intentions. The bride is the pretty and attractive daughter of Mr. and Mrs. James Dunn, while the groom is an energetic moral young man and holds a lucrative and responsible position with the Kentucky Central Insurance Co. The happy couple left immediately for Louisville and other points where many good wishes follow them. - Messenger.

POST OFFICE FORCE BUSY.

The Lancaster post office experienced an increase in business and mail handled during the holiday's rush of about twenty-five per cent over any previous year. Under the wise supervision of postmaster E. P. Brown the additional increase required no additional help other than the regular force, which are both able and efficient. The mails were never congested and were distributed on schedule time, which speaks well for the kind of postmaster Mr. Brown is making for Lancaster. Beginning with the first day of this month and continuing throughout the month, all mail will be weighed carefully and a record kept and furnished the department at end of month. This is done for one month only during the year and it will mean some more hard work for the office, but that they will be equal to the emergency, goes without saying.

AND WHY NOT LANCASTER?

The "Public Square" in Lancaster is on an elevation, and each of the streets leading from the business mart is on an angle of about 45 degrees. New concrete sidewalks have been put down on these thoroughfares, pedestrians going to and from their places of business or visiting the square are compelled to traverse these sidewalks. Ice and snow on these walks make traveling extremely hazardous, and that means that these streets have been dangerous for the past several weeks, and as it is reasonable to suppose that winter is but fairly started, it also means that they are liable to become dangerous many more times ere the coming of warm weather.

Many cities throughout the state are busy issuing warrants for their citizens for their failure to clean the snow from their sidewalks, while others are equally busy enacting ordinances to force them to clear their walks of ice and snow. As a usual thing Lancaster wants every good thing, including ordinances, which their neighbors have. How about such an ordinance of this nature? Surely the need is sufficiently urgent to warrant such an ordinance.

ANOTHER GOOD SALE

Mr. Bob Naylor sold 1900 pounds of tobacco at 19 cents all round, at the Peoples Tobacco Warehouse at Danville last Friday.

ONLY FIFTEEN WET.

As a result of the recent local option elections in Kentucky nine more counties became dry at midnight of the old year. This leaves only fifteen wet counties in the State.

BUSINESS CHANGES.

Messrs Howard and Aker who have conducted the grocery and meat store on the public square for the past year, have sold their business to Mr. J. A. Jones and Son and the transfer was made last Friday. We are sorry to announce that Mr. Aker continues in bad health and is now at the home of his mother in Lexington, where he was removed about two weeks ago.

BOX BALL ALLEY.

Mr. John Warner of Stanford, has recently installed in the Lancaster Bottling works room, a box ball alley of the very latest and modern improvements. This game is much more preferable than the old bowling alley and is one that any lady should enjoy and as many are already proving adepts at the game, we are sure that it will find many who will take advantage of this innocent amusement and exercise.

BANK STATEMENTS.

Judging from the prosperous condition of the three banks of Lancaster as shown by their statements at the close of business December 31st, 1914, they have no reason whatever to complain of depressed conditions which prevailed a few months ago.

All of them show deposits about normal at this time of year. The Citizens Bank declares a semi-annual dividend of 4 per cent and carries \$5,000, to its surplus, making the total surplus of this bank now \$45,000. The National Bank declares its 99th, semi-annual dividend of 4 per cent out of the net earnings of the past six months and shows a surplus of \$30,000, with an undivided profit of \$6,000. The Garrard Bank and Trust Co. declares a dividend of 2 per cent besides showing a surplus of \$6,000, which speaks well for the management of this young institution.

GARRARD COUNTY SHOULD HELP THE WAR SUFFERERS.

"There has never been such dire want in any land in our time. Three million women and children are starving in Belgium. Five million dollars worth of food a month for the winter is needed". Thus reads the cablegram from the American Ambassador at London. This speaks of Belgium alone. There must be added thousands in France, Germany, Poland, Russia, England, Austria and Serbia who are in want because the bread winners are either on the battlefield or lying in a lonely grave. And how many more shall be in a starving condition before this fearful struggle is ended, no man can say.

Every nation at war and every neutral nation has begun the work of relief, but to rich prosperous, powerful America belongs the privilege of giving the largest part, and so saving the greatest number of lives.

In order to accomplish the great task "The Committee of Mercy" with headquarters in New York City, and branch organizations in every State has been established. This committee is international, neutral, nonpartisan and non-sectarian. It works thru the Ambassadors of America in the countries affected and thru the Red Cross on the field. Many of the most prominent people in both America and Europe are not only giving of their means but of their time and thought as well.

In our own State the organization, by appointment, of Governor McCleary, of receivers in every county has been perfected and the work is progressing. Rev. E. L. Powell of Louisville is the State President, and Mrs. J. E. Stormes of Lancaster has been appointed Receiver for Garrard county.

Even Uncle Sam is interested and will ship free by Parcel Post, food and clothing to relieve the great need of these innocent sufferers abroad. What part is Garrard County, with her bumper wheat crop and her 7,000,000 pound tobacco crop going to play? What answer will we give to the sobbing moan of widowed mothers, and the piteous wail of dying babies as they ask us for bread? One dollar will give a meal to sixteen. How many will we feed and still have plenty and to spare?

A few individuals, lodges and churches has already given, but the great majority of our citizens have as yet given nothing, we should have a contribution no matter how small from every church, Sunday School, school and benevolent organization in Garrard County, and from business firms and individuals as well.

Our good neighbors of Boyle County have already sent in over \$500 and will no doubt send more. We should not let our neighbors get ahead of us in this good work. "He gives twice who gives quickly".

The Central Record has been designated by Mrs. Stormes to receive the contributions and a list and amount of those contributing will be published each week. Send in yours now.

 The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

CRYING FOR HELP.

The kidneys often cry for help. Not another organ in the whole body more delicately constructed. Not one more important to health. The kidneys are the filters of the blood.

When they fail the blood becomes foul and poisonous.

There can be no health where there is poisoned blood.

Backache is one of the frequent indication of kidney trouble.

It is often the kidneys' cry for help. Heed it.

COY

Miss Catherine Bourne is the guest of her friend Miss Peachie Mae Sanders. Mr. Clyde Sanders has been visiting friends in Jessamine county for several days.

There has been quite a lot of moving in our community the last few days. More than for several years.

Mr. and Mrs. Loyd Sanders and little son of Crab Orchard have been with his mother, Mrs. Mary Sanders for the holidays.

Mr. Clyde Sanders and sister Peachie Mae attended a New Year's party at Mr. Sam Morford's of Jessamine Co., Friday night.

Little Cecil Sanders returned home Saturday from a weeks visit to his grandmother Mrs. Wilson Wade of Sulphur Well.

Mr. and Mrs. Tom Hicks of Bryantsville entertained on Tuesday evening in honor of Misses Catherine Bourne and Peachie Mae Sanders and brothers. The house was beautifully decorated in ferns and holly. Refreshments were served and all the young people reported a delightful time.

LUKE McLUKE SAYS.

You'll see coats and vests on the sufferage, but she isn't wearing the other things.

A man who couldn't tell you the Vice President's name when he is sober can drink ten beers and tell you how to run the Government.

What has become of the old fashioned man who wore squeaky shoes and a paper collar every Sunday?

Ida Tarbell says she can't imagine what women's clothes are coming to. Wait until Spring, Ida, and you won't need any imagination.

I am tired of looking at these magazine covers which show a slender female with two inch hips and a one inch waist. Why doesn't some magazine make a hit by using a picture of a fat girl with a human figure?

The women rave over the tube form, which means a shape like a base ball bat. And they adore the "svelte" figure, which means a form like a section of fire hose. But a congress of tube and svelte shapes couldn't draw a man away from a girl who has dimples all over her anatomy.

Girls are all alike and yet so different. There is the girl who will hold you up and gab until you would like to hit her on the nose to get rid of her. And there is the girl who smiles with her eyes and without opening her mouth says things that make you feel funny all over.

Some of the fat girls have claimed that I have been rather hard on them and roasted them. Why, bless your hearts, I will vote for the plump kind any day in the week. There never was a man who would pass you up unless he was hypnotized. They may pad, they may wire 'em with buckle and string, but the old jelly wobble is still the real thing.

There was a time when a man got rich at it, but nowadays canvassers are starving to death trying to sell books on "What a Young Girl Ought to Know."

Excellent for Stomach Trouble.

"Chamberlain's Tablets are just fine for stomach trouble," writes Mrs. G. C. Dunn, Arnold, Pa. "I was bothered with this complaint for some time and frequently had bilious attacks. Chamberlain's Tablets afforded me great relief from the first, and since taking one bottle of them I feel like a different person." For sale by all dealers. 1-m

We are authorized to announce G. T. Ballard Jr. as a candidate for the Democratic nomination for sheriff of Garrard County to fill out the unexpired term of the late C. A. Robinson subject to the action of the Democratic party in August primary 1915.

We are authorized to announce John Sam Owsley, of Stanford Ky., a candidate for the Democratic nomination for Commonwealth's Attorney, of this, the thirteenth judicial district, at the August primary 1915.

We have stepped from the Old Year to the New, and we are reminded that after all our fears and apprehensions, to many of us, it has been a very kind year. To some, we know that the dark side has been turned, but after all, there is a gleam of sunshine for all if we but look for it. We would not forget that to look upon the homes of some of our readers since last New Year's day, a shadow has fallen and a mantle of sorrow has wrapped its inmates in its sombre folds.

Other homes are like the empty nest that hang on the withered bough, desolate because the life and song went out with the birds. New homes have been made and old ones have been severed, but in our onward march, it is not well to stop and weigh the load each one carries. No life is all sunshine or all storm. If the New Year brings prosperity, let us rejoice; if adversity let us be brave. The sunset gate of life will swing shut upon some of us ere the close of another year. Let us see to the record left on this side. If our dear ones and friends leave us for the summer land, let not the memory of harsh words spoken by us, add to the pangs of separation.

Good-bye, old year. After all we loath to part. Many precious memories, as well as many sad things to remember will be forever linked with thee. But time bids us part and however severely thou hast chastened us, yet we find our hardened feelings relenting and a spirit of charity prevades our being. We forgive as we hope to be forgiven. In humility and love we bow our adieu and welcome the New Year with naught but good resolves and high aspirations that each coming day will see our lives better, purer and nobler in every act and purpose.

Illiteracy is not confined to any one section of the State, and the necessity for moonlight schools, if it is determined to extend the school age to sixty, exists here in Lancaster and in the surrounding country.

We make a mistake if we treat the educational question as a sectional question. We make a mistake if we treat the illiterate question as one to be solved by teaching one to read by repetition, or to write by copying.

What we need is an awakening of local interest. No community has ever been educated from without. Each county has its own difficulties, standards, desires, necessities, resources. It must meet its own problems after its own fashion.

Most communities, even when conscious of their shortcomings, do not like to have them pointed out to them by visiting strangers, however well-meaning. We are making educational progress here in Lancaster and in the county surrounding Lancaster and with all the work done now in Kentucky we may know that brighter times are ahead for us, and what one county does for itself stimulates other counties in noble rivalry. Thus we raise the standards

for the trustees and for the teachers, for school and for life.

That is to be the great achievement of the recent campaign against illiteracy. It brings the matter up for discussion around every fireside.

Let each section, rich and poor, contribute its share to that new era of progress, prosperity and happiness; to that new Kentucky which is to be built on the old.

A few more overcoats left, you can buy them at your own price.

GRADED SCHOOL**FARM SOLD.**

As trustees of the Leavell fund for the Lancaster Graded School, Messrs B. F. Hudson, J. J. Walker and L. L. Walker, last week sold the farm owned by the Graded School and known as part of the Beazley farm, located on the Lexington pike to Mr. J. I. Hamblen for \$120 an acre. The trustees were advised by legal attorneys, that unless the farm was sold, within five years, under the present constitution, it would escheat to the State of Kentucky. For this reason alone the immediate sale was made. The farm is considered one of the best in the county and contains 200 acres.

JOHN W. VOGEL'S**MINSTRELS COMING.**

John W. Vogel's Big City Minstrels is said to be a combination of mirth, mimicry and music, absolutely and positively the brightest, most entertaining and farthest advanced minstrel entertainment ever presented for public approval. It is so filled with sparkling fun that you hardly finish one laugh before you are plunged into another. There is a fund of humor that holds one in constant merriment from start to finish. If you wish to enjoy an evening of pure wholesome fun without vulgarity, do not fail to attend this entertainment which will be given at the Opera House and Monday Jan. 11th as it will be their only appearance here this season.

JOHN SAM OWSLEY FOR**COMMONWEALTH'S ATTORNEY.****TORNEY.**

After considering the matter for several weeks and making a general canvass of the district and talking with prominent democrats in each of the four counties, Hon. John Sam Owsley of Stanford, Ky., has decided to become a candidate for the Democratic nomination for Commonwealth's Attorney for the 13th Judicial District. The formal announcement of Judge Owsley's candidacy appears in the announcement column of this issue of the Record. He has looked the field over fully and thinks that he has an excellent chance to win the nomination in the August primary and has made known to his friends his intention to prosecute an active canvass from now until the day of the election. Judge Owsley is well known to the voters of the district, having served as Commonwealth's attorney for a number of years and made a most creditable record. He was known as one of the most fearless and successful prosecuting attorneys that this district has ever had, and yet was never known to be bitter against the defendants in presenting the Commonwealth's case. He is widely connected in Garrard County and has friends and supporters in all parts of the County who have pledged him their support and will fight his battle for him until the nomination for this office is settled. Judge Owsley has served Lincoln County as County Judge and made a most efficient officer and the people of his home County are said to be championing his cause with great enthusiasm. Judge Owsley is an able lawyer and honorable and courteous gentleman and is in every way qualified to perform the duties of the office he seeks.

CATTLE SOLD.

Mr. John M. Farra sold last week to Monte Fox of Danville, 23 head of cattle that averaged 1350, for 7 1/2 cents a pound.

Mr. Alex Doty sold 40 head to the same party that averaged 1170 pounds for 7 1/2 cents pound.

STANLEY WILL ANNOUNCE.

Attracted to Louisville last week, by the midwinter meeting of the Press association were many Democratic politicians.

Congressman A. O. Stanley, of Henderson, said he had definitely determined to make the race for the Democratic nomination for governor. He said he expected to make his formal announcement about the first of the year, and that he had received assurance of loyal support from every section of the state. His term as congressman will expire in March.

In discussing his race for governor, Congressman Stanley said he already had a perfect organization, having perfected it during his recent race for the Democratic nomination for United States senator from Kentucky. Although he was defeated in that race, he expressed confidence in his ability to win in the August primary.

Besides Mr. Stanley, many other out-of-town Democratic politicians were in the city last week, these were Auditor Henry Bosworth, candidate for the Democratic nomination for governor, and Attorney General James Garnett, mentioned as a prospective candidate for the same nomination.

Gen. Garnett, when asked whether he had decided to enter the race, said it was too early for him to declare himself definitely in the matter.

Percy Haly was another out-of-town politician in the city. He was questioned regarding a rumor that he was contemplating getting into the race for the Democratic nomination for governor, and replied that his inclination did not lean in that direction.

ANSWERS TO QUESTIONS.

Our question and answer column is proving quite interesting and we are attempting to answer in this issue all that have been sent in, at least as near correct as our limited knowledge will permit. All questions that are asked to be answered privately, we must insist that a two cent stamp be enclosed for reply.

My husband has bought a tooth brush and nail file and sprinkles violet water on his coat before going out, what do you think it means?—Mrs. F.

It means he will bear watching.

Do you believe in long engagements?

—E. A. F.

I am in favor of a law limiting engagements to six months. It isn't fair to tie a girl's hands and use up all her bait when she might be fishing and land a live one.

What should the mayor do in case any one fired off the cannon?—L. G. D.

A jury of alienists should be named and make a thorough examination of the accused. Go over his head with a set of surveying instruments, watch the action of the pupils of his eyes when his knees are tickled and then if the dome experts do not find him crazy, confine him in the penitentiary, for no such person should run at large.

I am suffering from loss of appetite, can you tell me something good for it?—H. W.

Hamm.

What part of the beef do you cut

porter house steaks from?—R. B. W.

I never use beef at all but the tongue of an old shoe or the sole of an old rubber.

What kind of weather is best for

courting purposes?—C. B.

Rainy.

Do you think it proper for me to go

out walking with a young lady on Sunday afternoon and gather mistletoe?

—S. H. A.

Ring up Central and ask Long Dis-

tance.

My bottling business has increased so

much in the past year I find I am com-

pelled to purchase another wagon, what

make would you suggest?—J. S. H.

Try a water wagon, they are cheap,

besides the getting on and off makes a

good exercise.

Do you think it wrong to be a

Mormon?—W. A. W.

No, not if you want to punish your-

selves that way.

Do you think Christian Science would

be good to raise my two little boys by?

—Mrs. H.

TALENTED LADY

ONCE RESIDENT OF GARRARD
Living Comfortably in Montgomery Ala.

The casual mention by Mrs. James G. Barnside of the receipt of a letter from her girlhood friend and school mate, Mrs. James I. McKinney of Montgomery Ala., brings to our mind the fact that this talented lady once lived in Garrard county. Under the name of "Katvild" she wrote several books and was a liberal contributor to magazines, and is entitled to rank among the sons and daughters of the county who have won for themselves name and fame in the world.

Mrs. McKinney deals in both prose and poetry, the work most familiar to Lancaster people being "The Silent Witness", a book from her pen which met with much success. Mrs. McKinney has just completed a work called "Soldier Mary", which is not yet off the press, and those who have seen the proof sheets aver that her latest work is her masterpiece.

Mrs. McKinney was born and reared near Kirksville, in Madison county near the Garrard county line. She was Miss Kate Slaughter, the daughter of James Slaughter, in those days a prominent farmer and merchant of that locality. She was educated at Daughters College, which in those days was one of the best institutions for the education of women in the country.

In her works Mrs. McKinney perpetuates the scenes of her childhood days and the memory of the friends of her girlhood, and those who are conversant may easily recognize the places and characters.

Aside from being a gifted writer, Mrs. McKinney was a lady of rare beauty and splendid personal charm, and her memory is pleasantly cherished by all who knew her.

She married James I. McKinney of Lincoln county, and many years ago, perhaps a greater number than she or the writer would like to say, removed to Alabama, where Mr. McKinney was connected with the Louisville & Nashville R. R. Co., first at Decatur, later at Birmingham, and at present he is located at Montgomery, where he is Division Superintendent of the Mobile and Montgomery division of that road.

Mr. and Mrs. McKinney have a lovely home in this old fashioned southern city, where they dispense hospitality in the good old Kentucky style, and there is ever a kindly welcome for the chance visitor who may enter their ever fondly cherished "Old Kentucky Home".

To The Tobacco Growers of Garrard and Adjoining Counties and Others Interested:

We wish to extend to you the greetings of the New Year and to tell you incidentally that the Madison Tobacco Warehouse has sold 1,500,000 pounds of tobacco from the counties of Garrard, Madison, Rock Castle, Estill and others and that it has sold the highest crop lot yet reported in the state, viz:

The crop lot of Schooler & Curtis of Round Hill, average \$20.00, we also quoted the crop lot of S. T. Hoover of Lancaster, average, \$17.10. These were in the last days before the holidays. We want to tell you that we today sold the crop lot of Schooler & Campbell, Cottonburg, Ky., at \$18.30, average, and the crop of Owen Agee, of Newby 2,300 pounds average \$16.50. S. P. Curtis sold 4000 pounds, average \$14.00, etc. It is by this means that we are again proving to you that the Madison House led the State last season in prices. It is doing the same thing again this season. You can bet your last dollar that when the returns are all in we will be right to the front on prices, compared with any market anywhere. We don't solicit tobacco on the streets, feeling that you know better than we can tell you, just where you want your tobacco sold. Our sales are a sufficient reward to us, for your confidence, in our way of doing business. Our prices speak for themselves. We have long since known that what the seller of tobacco wants is every cent he can get for his crop; getting it pleases him. This we have done. That why so many come to us and the reason that other houses can't understand just how we do it. We happen to have the house, the lights and room, and happen as well to have opened the first house on this market and we expect to use every means and power that is honorable to keep this House, right at the top of the lot. Let them compare that all we want, all we ask. Daily Sales rain or shine. Biggest House, Biggest Prices, Biggest Sales, that's our trade mark, that's our slogan. Can't sell all the tobacco grown in the country, no house can do this, but we are at the same old stand doing at least our part of the tobacco business. You know the reason, that's all.

Thanking you each and every one, who has sold with us or who wishes our house the success it has attained, and soliciting your future business. We are Faithfully,

WORTH THOUSANDS OF DOLLARS, SHE SAYS

Mrs. Fannie Warren Places High Value on Andes, Rheumatism Cured, Debility and Nervousness also Yield to Influence of Medicine.

The following statement regarding Andes' Prescription, the medicine that is accomplishing such remarkable results all over Kentucky, was made a few days ago by Mrs. Fannie Warren, of 62 Demuth street, Louisville Ky.

"I have been sick for a long time," said Mrs. Warren. "I doctored for years", she continued, "and had taken medicine until the very thoughts of it would make me sick. I had some catarrh and nervousness, but rheumatism was my worst trouble.

"I have not had a real good night's rest for a long time, and just to smell food cooking nauseated me, and when I did eat any thing it would lay heavy on my stomach like a lump of lead. I had dull headaches and dizzy spells and felt so tired that I could hardly stand on my feet. I was awfully nervous at times and if I had to step lively to catch a street car or climb steps, my heart would beat so fast that I became uneasy about myself. My rheumatism however, has given me no end of trouble. When up I could hardly sit down, and when down it was an effort to get up, as I was so stiff in my limbs. One of my friends had been using Andes' Medicine and told me of the great results it had given her for liver trouble and insisted that I should try some. Well, I think the day it came into my home, as from the first application of the great oil my pains became less severe and after taking the Andes Prescription for ten days my rheumatism is about all gone. I would not take a thousand dollars for what I now have in my home, if I knew that I could not secure more of it. I sleep and eat well and my food agrees with me. It seems like a miracle I am so changed in such a short time, and I can recommend Andes' Medicine to any one who has suffered as I have. "Statements of this kind is positive proof that Andes' Medicine cures. The McRoberts Drug store has exclusive agency of this city. Call on them and they will tell you of many it has done good in Garrard Co.

WILL RECOVER.

The good news that Taylor Hughes will recover has been received from Gulfport, Miss., where the young man has been critically ill for several weeks. His parents, Judge and Mrs. John W. Hughes, have been with him for some time. The deepest interest was manifested in the matter, not alone by reason of the young man's high standing, but because of the popularity of his parents. A late message says Taylor is completely out of danger—Messenger.

WARNER.

Mrs. Susan Warner, wife of Mr. Peter Warner, died at her home in Stanford and the burial took place in the Lancaster cemetery last Wednesday afternoon. Both Mr. and Mrs. Warner were natives of Garrard Co., and the friends who gathered at the grave attested the esteem and love of their old friends and neighbors. Great sympathy is expressed for "Uncle Pete," as he is lovingly called, who is eighty five years old. Besides her aged husband Mrs. Warner leaves three children to mourn her loss.

HUFFMAN.

Again the death angel visited the home of Mr. Albert Huffman on Tuesday night Dec. 29th and took from their midst a loving father.

His death came as a shock to his friends and loved ones. He had only been ill a short time, and his condition was not thought to be serious.

He will be greatly missed in this community where he was well known, having been born and raised here.

He leaves one brother Mr. Wm. Huffman of Boones Creek, two daughters, Mrs. Beulah Brockwick of Clinton Ill, and Mrs. T. L. Broadus of Marksbury, and ten sons, Messrs Oscar and Lee, of Tulare Cal., Everett of Clinton Ill., Scott, Price, Ben, Taylor, Grover, Andrew, and Carl of Marksbury, to mourn his loss. Much sympathy is felt for Carl who is yet in childhood. But they must learn to know that their loss is his gain and that he has gone home to meet his wife who died about a year ago.

PROMOTIONS FOR

TWO GOOD MEN.

Vernon Richardson in his Washington notes to the Danville Advocate contains the following interesting item.

"It will be good news to his many Danville friends, and they are many, to learn that Mr. Albert D. Wingate will have charge of the State of Kentucky, with headquarters at Louisville, for the Bureau of Census. He will go to Louisville about the first of February and will take with him a force of from twenty-five to forty men, who will be engaged for several months gathering important statistics for the Department of Commerce. Another bright young Kentuckian will also go with Mr. Wingate in the person of Mr. Chester Fitch, formerly of Nicholasville, who will be his chief lieutenant in the work. Mr. Wingate is the only one of the younger men in the department we have heard of who has been given such a responsible position and this fact alone justifies the many nice little stories this column has carried about the good service of this young Kentuckian in one of Uncle Sam's most important branches of work. He had only been in the department here a few weeks until his splendid ability appealed to the men higher up, who entrusted him with important duties and he handled them with so much accuracy and expedition that the above position will come to him as a worthy reward for his good work. Here's hoping he will rise higher and higher."

LEXINGTON HERALD PLACES MAILING LIST ON CASH BASIS

Rate of \$5. per Year Again Offered If Paid By January 15, 1915. This Offer Is Open Alike To Old and New Subscribers.

On September 15 The Lexington Herald announced that from that date its mailing list would be conducted on a strictly cash in advance basis, all subscribers being discontinued on the first and fifteenth of each month who were not paid in advance. This practice was adhered to from that date, but on the 15 of December it was decided by The Herald to continue all subscribers whose subscriptions expired between that date and the 15 of January to the last named date, thus giving ample time for all who have been in the habit of paying on the first of the year to do so before the expiration date. They also offer the rate of \$5.00 to all of those subscribers who will pay the full year in advance before January 15.

A daily newspaper was never a more welcome visitor to a home than it has been for months past and as it will be for months to come. The great war of Europe seems just in its beginning, while trouble seems again brewing on the Mexican border. The markets, on account of the unsettled conditions abroad and at home, continue to vary constantly and a daily newspaper is an absolute necessity to the farmer for his protection.
